FIRST Robotics Competition DC Regional

Washington Convention Center

**Meet the next generation of engineers, technicians and innovators,
including fifteen teams representing the District of Columbia!**

FIRST (For Inspiration and Recognition of Science and Technology) designs accessible, innovative programs that build not only science and technology skills, but also self-confidence, leadership, and life skills.

FIRST makes these programs come alive for the students of the region. You are invited to experience the excitement first-hand as robots compete on the arena floor at the DC Regional!
